Good morning Hope,

Thank you for sending along the ag usage document and BCP. I have made edits to the information using these two documents. Please let me know if you would like me to make any edits to this or if you would like me to send this back to PRD. Thank you!

Dear BEAD Colleagues,

Elissa met with Ed and Mike today and it turns out, Mike would like some information on the importance of spirodiclofen in walnuts and citrus in particular. We have gleaned some info from the 2014 BCP and searched the USDA crop profiles. Please take a look and comment based on your expertise. We are supposed to get back to Ed/Mike on Monday and your input by noon Monday would be extremely helpful. Please let us know if this is possible.
